## Woman and Her Varied Interests

Social and Club News, Personals, Fashions, Home Hints and Other Items of Interest to the World Feminine.

### SOCIETY

Mr. and Mrs. Harold H. Clifford, prominent and popular young couple of Baker, were in the city to attend the opening game of the baseball season. Mr. Clifford is president of the Baker club and is also a member of the state fish and game commission.

Complimenting two attractive brides-to-be, Misses Margaret Maloney and Maureen Campbell, a charming tea and sewing bee was given Monday afternoon by the Misses Kathleen Sealy and Marcia Parker at the home of the former. The rooms were prettily decked with pink blossoms and ferns, and in addition to the guests of honor, those present were: Miss Lenette Ferguson, Miss Dorothy Sanford, Miss Martha Whitling, Miss Geraldine Courson, Miss Shirley Fiske, Misses Charlotte and Katherine Laidlaw, Miss Hildreth Hutton, Miss Doris Byford, Miss Lucile Bronaugh, Miss Hazel Russell, Miss Helen McCusker, Mrs. Harold A. Rayner (Miss Louise Williams), Miss Mabel Riggs—Portland Oregonian. Miss Campbell is a niece of Mrs. C. S. Jerald of this city and has numerous acquaintances among Pendleton society folk.

Monday evening was made memorable for local Masons by a session at which the degree of Master Mason was conferred upon Ralph Ham of this city, and James W. Vandle of Weston, the Pendleton Masons putting on the work for the former and the Weston Masons doing likewise for their fellow member. A large number of members of the order were here from other lodges and a most enjoyable time was had. Light refreshments were served late in the evening.

Mr. and Mrs. Edwin Burke have returned to Pendleton from Portland, where they were all winter. They were accompanied back by John Catlin, the little son of Mr. and Mrs. Seth Catlin.

Mrs. Robert N. Stanfield, who has been in a Portland hospital for some time past, is reported to be convalescing.

### The Care of Children

Babies should be trained to go to sleep themselves, and under no circumstances should they be rocked, patted, handled or given a pacifier or finger to suck. All these are bad habits, readily formed and leading to future trouble and loss of sleep on the part of parents and neighbors. Infants and children should invariably sleep alone. Babies sleeping with the mother lead to irregularities in nursing. There is also a danger— which is real and not imaginary—of the mother rolling over on her baby and suffocating it. When children are older, separate beds or cribs lessen the chance of transmitting undetected contagious disease and also ensure a quiet and peaceful sleep for one child in the event of the other's being restless or ill.

Remember that early regularity in feeding establishes regular hours for sleep. Keeping this rule will often solve the problem with a baby who is inclined to sleep almost unbrokenly during the day and lie awake, keeping everyone else awake all night.

No attention should be given to a few minutes' crying on baby's part before going to sleep, unless, of course, the crying is prolonged. This crying is good exercise for baby's lungs and if it is repeated during the night do not pick him up. In the majority of instances he will go to sleep again the more readily if he is not disturbed. If he continues to cry, turn him over. This may bring the desired peace.

Soothing syrups or drugs must never be administered under any circumstances to quiet a baby or make him sleep. When a baby is restless and refuses to sleep, it generally means bad habits, unsuitable food, indigestion or a positive illness of some kind. In the last case a physician should be consulted.

### Home Hints and Recipes

#### Hammock Days.

It is often difficult to get a hammock to hang properly when the walls are of brick or stone. To overcome the difficulty place hammock hooks or ring screws in ceiling and floor of porch, says the Woman's Home Companion. Hang hammock as usual to stout rope in the floor and tie to the hanger of the hammock. A few trials will find the right adjustment for comfort in height.

#### Flare on Coats.

The separate coat as well as the coat which completes the one or two-piece costume, is cut with a flare in most instances. Sometimes the flare effect is obtained by means of a ripple flounce, which is the finish at the lower edge of the garment, whatever its length, says the Newark News. Again, the coat is cut with a flare from the shoulder, the flare perceptibly increasing as it approaches the hem.

#### To Raise Large Fine Tomatoes.

If you want the very largest, finest and cleanest tomatoes, tie every plant up to a stake, pinch off all suckers as fast as they form, and thin the fruits to half a dozen or so to each plant. The stakes should be about four feet high and should be set firm-

ly into the ground. As soon as the tomato plants are tall enough, begin tying them up, using strips of cloth rather than twine. Suckers form at each branch of the plant. Cut or pinch these off clean, and prune the plant back to a single main stalk, with not more than three main branches. Also pinch off the tops of the plants when they reach a height of three and a half feet. Pinch off most of the blossoms, leaving only the clusters that come on the strongest parts of the branches, and not more than six or ten to each plant. The result will be tomatoes of a size, solidity and flavor such as you never have had before.—Country Gentleman.

### MILITANT IS RELEASED TO UNDERGO OPERATION

LONDON, April 8.—To permit her to undergo an operation for appendicitis, Mary Richardson, a militant, was released from Holloway jail.

**Socialist Mayor Elected.** ST. JOHNS, Ore., April 8.—Dr. A. W. Vincent, socialist, was elected mayor by a majority of 34, according to a complete count.

### SUFFRAGETTES LOSE OUT.

Prominent Leaders Discover They Are Not Naturalized Citizens. GREENWICH, Conn., April 8.—Mrs. Ernest Thompson Seton and Mrs. Herman Paul, two of the most prominent suffragette leaders in Connecticut and New York, have just discovered that even if equal suffrage were granted in Connecticut they would have to stay out in the cold, as they could neither accept office nor vote.

Both have discovered they are aliens. They married foreigners who have never been naturalized.

### MAYOR APPROVES TANGO.

Dance Great Cure for Headache, Says Gotham Official.

NEW YORK, April 8.—Mayor Mitchell is a tango devotee. Some one suggested to him that his headaches might be due to his indulgence in the dance.

"On the contrary," replied the mayor. "If I had time to tango more I believe I would be much better. Exercise is beneficial, and tangoing certainly is exercise to me."

### COXEY PLANS NEW ARMY.

Leader of Unemployed to March on Congress from New York.

NEW YORK, April 8.—General J. S. Coxey, of "Coxey's Army" fame, addressed a small mass meeting of the unemployed here and elicited from them a pledge to march from New York to Washington, starting about May 1, as part of Coxey's new army, which he is organizing, to call upon congress on May 16 to present demands on behalf of the idle.

### CORRESPONDENCE IS ASKED FOR OVER CANAL OBLIGATIONS

WASHINGTON, April 8.—The senate adopted Senator Brandegee's resolution asking for all letters and correspondence from the records of the state department bearing on negotiations in connection with the Hay-Fauntsoy treaty under which it has been both asserted and denied that it was intended American shipping would be required to pay the same tolls as other nations to pass through the canal.

### NEW TRIAL GRANTED MAN CONVICTED 2ND DEG. MURDER

SALEM, Ore., April 7.—Declaring the case was submitted to the jury upon a wrong theory of law, the supreme court reversed the conviction of Louis Davis by the Polk county circuit court for murder in the second degree for killing Mrs. Eliza J. Stewart, his mother-in-law, during a melee at the Stewart home. The case was remanded to the lower court for

Genuine Merit Required to Win the People's Confidence

### Home Hints and Recipes

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by mailing post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Pendleton Daily East Oregonian.

For frying, you practice economy and have better tasting, more wholesome food, in the use of

## Cottolene

You can use the same Cottolene over and over again by simply straining it. You can fry onions first, then doughnuts, then fish and so on—and there will be no mingling of flavors, no clashing of odors.

Food fried in Cottolene is unusually delicious, and you're sure there'll be no undue tax on your digestion. Send for valuable Free Recipe Book, "Home Helps."

THE K. FAIRBANK COMPANY CHICAGO

a new trial. The shooting was the result of domestic trouble.

**What It Looked Like.** "Briggs is dreadfully near-sighted. You know that hat his wife wears with all those black plumes on it?"

"Yes, I've seen it." "Well, Briggs thought it was the head of a feather duster and he tied it to his cane and had brushed a lot of spider webs from the porch ceiling before his wife caught him at it."—Stray Stories.

## GRANDMA NEVER LET HER HAIR GET GRAY

KEPT HER LOCKS DARK, THICK, GLOSSY, WITH SAGE TEA AND SULPHUR.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.
